

In the Pipeline

I have four more books in the pipeline, in various phases of research:

- 1) Savarkar in London
- 2) Analysis of the Hague Arbitration of the “Savarkar Case” (1910–11), including the details of Savarkar’s heroic, incredible escape and the circumstances surrounding it; to get an idea of the issues that need to be looked into click [here](#) for the *Savarkar Case Bungle Up*.
- 3) Savarkar in Ratnagiri.

The fourth is, of course, the prequel to *Burning for Freedom!* I had to delete this part from it for reasons of space.
